## Background

Founded in 1897 by Hildesheimer Blindenmission, Ebenezer is a charitable agency which provides education, career and boarding services for children and youth with visual impairment, including those with multiple disabilities, and runs a care and attention home for visually impaired elderly.

## Financial Support

Initial support for Ebenezer came entirely from the Hildesheimer Blindenmission and private donations in Hong Kong and abroad. In 1954, Ebenezer began to receive subvention from the Social Welfare Office (now Social Welfare Department) and the Education Department (now Education Bureau) to maintain existing programmes and further expand its services. Ebenezer is also a member of The Community Chest of Hong Kong, and receives support from The Hong Kong Jockey Club Charities Trust and private donations.

## Aims and Objectives

All the services of Ebenezer are founded in the Christian faith. We nurture PRIDE in our visually impaired group for a better world, aiming to provide comprehensive education, rehabilitation, boarding, pre-employment training and employment services for visually impaired children and youth, including those with multiple disabilities, and visually impaired elderly. Ebenezer also collaborates with other voluntary and Government agencies at local, regional and international levels to enhance services for the visually impaired.

## 背景

心光為一慈善服務機構，於 1897 年由德國喜迪堪援助盲人協會創立。本院服務範圍包括為視障兼多重障礙兒童和青少年提供教育、就業及寄宿服務；此外，亦設有護理安老院，為視障長者提供護養及安老服務。

## 經濟來源

心光創立之初，全部資助均來自喜迪堪援助盲人協會及海內外的私人捐款。直到 1954 年，香港政府社會局（社會福利署前身）及教育司署（教育局前身）開始資助本院，一直以來支持本院維持提供既有服務內容，並擴展相關服務計劃。心光亦為香港公益金的會員機構，同時接受香港賽馬會慈善信託基金及私人的捐助。

## 宗旨及目標

基督教信仰是心光機構服務的基石。在這精神引導下，本院以「傲澤社群」為目標，為視障兼多重障礙兒童及青少年和年老視障人士，提供完善的教育、復康、宿舍、訓練及就業服務。此外，本院經常與本地及海外志願團體和有關政府部門交流合作，從而提高對視障人士之服務水平。

## Chairman's Report

This past year has been a challenging yet progressive year. With new ambitions and goals in mind, we are excited to introduce several new developments and advancements.

We are immensely honoured to have Mrs. Janet Lee, the wife of the Chief Executive of the HKSAR Government, as our patron at Ebenezer. Her esteemed patronage and unwavering support will encourage us to strive to uplift and empower the communities we serve. Her steadfast commitment to our cause is a true testament to the transformative power of effective philanthropic leadership.

On the same note, we were ecstatic when the Ebenezer School Choir and graduates were invited to perform at the Government House on December 23, 2023. The Chief Executive, Mr John Lee and his wife, our Patron, both enjoyed tremendously the performance by our Ebenezer Choir and graduates, and the thoughtful Christmas cards and presents by the Chief Executive himself had indeed touched our hearts. In his speech, he encouraged our children and youth to keep up the perseverance to pursue their goals, as our government and society would render them necessary support. On behalf of Ebenezer, I would like to express my utmost gratitude for providing our students with such an invaluable opportunity; it was a great experience for our visually impaired students and alumni.

We are also pleased to announce that the first batch of awardees for 'The Hang Lung Scholarship and Development Donation for the Visually Impaired' has been selected and awarded. Once again, we are grateful to have been given such a huge donation of HK\$30M from Hang Lung Properties to set up this Scholarship Fund to support the holistic development of our students and graduates through aiding their academic pursuit and career development. The proceeds from this Fund benefitted 15 visually impaired youths this year; they can now pursue professional qualifications. May I take this opportunity to extend my thanks to the Scholarship Selection Panel for the time spending in meeting and communicating with the Scholarship applicants to understand their needs and aspirations.

Additionally, I would like to update that our school has enriched our students' choice of applied studies in addition to the DSE curriculum; providing subjects that will equip them with the skill sets and knowledge for career development.

Furthermore, recognising that our staff are the first and main point of contact with our visually impaired users, staff training is of utmost importance in enhancing the quality of our services. New training programs, such as Sports Psychology and the Eden Alternative Approach have

Visit by Link REIT Chairman Mr. Nicholas Allen (middle)

equipped our staff with tailored and professional skills, allowing them to provide appropriate guidance for our students' athletic development.

There is also notable development within the Hong Kong Orientation and Mobility Specialist Association (HKOMSA), which we initiated and co-founded with the Hong Kong Society for the Blind. Fourteen of our teachers joined courses organised by the Association to exchange knowledge with other professionals in the field. Our staff in the Early Child Care Centre also attended child protection courses organised by the Social Welfare Department. Teachers and staff have attended seminars on National Security. We endeavour to deliver the high standard of services in a safe and pleasant environment.

Of course, none of this would be possible without the continued generosity and support of the HKSAR Government and the community. We would like to extend our sincerest appreciation to The Hong Kong Jockey Club Charities Trust, The Community Chest of Hong Kong, the Lo Kwee-Seong Foundation, and many other donors, sponsors, volunteers and churches; their unwavering commitment to our mission is the driving force behind our successes, entrusting us with the ability to transform the lives of countless individuals in our community.

I would also like to express my sincere appreciation for the hard work and unfailing support provided by my fellow Board members, CEO and staff team. My appreciation also goes to the Hildesheimer Blindenmission, whose Chairman Rev. Matthias Woehrmann and Executive Director Rev. Andreas Chrzanowski, joined by their legal consultant Mr. Michael Algermissen, paid us a 5-day visit in November, which was their first visit to Hong Kong after assuming their new duties two years ago. Their helpful exchange of ideas and genuine interest in our services and vision to future development was very much appreciated.

We will continue to strive towards our full potential with an optimistic and determined attitude. With the blessings of God, Ebenezer will continue to grow and develop, and so will our students and users.

## 主席報告

儘管過去一年充滿挑戰，我們卻仍在過程中不斷進步與成長。展望未來，我們滿懷樂觀與熱情的心，期待推出的新發展，帶出有效的創新。

我們深感榮幸能夠邀請香港特別行政區行政長官夫人李林麗嬋女士擔任心光機構的贊助人。李女士對心光的堅定支持激勵我們努力不懈和進步，不斷優化服務及為社區作出貢獻。她對心光機構的堅定承諾，印證了卓越領導在慈善領域產生的顯著改變。

同樣令人興奮的是，心光學校合唱團和校友獲邀於 2023 年 12 月 23 日在禮賓府進行表演。行政長官李先生及其夫人均對本校合唱團和畢業生的表演表示高度讚賞。行政長官親自贈送其精心挑選的聖誕卡和禮物，更是深深打動了我們的心。在他的演講中，行政長官鼓勵我們的孩子和青年們保持毅力，追求目標，並提到政府和社會將為他們提供必要的支持。我謹代表心光機構，向每一位為本校學生提供寶貴機會的人士致以誠摯的感謝。這次經歷對我們的視障學生和青年而言，可說是彌足珍貴。

我們非常高興宣布，機構已甄選「恒隆視障人士獎學及發展金」的首批獲獎者，並頒發獎學金。我們再次感謝恒隆地產慷慨捐贈三千萬港元，用以設立獎學金基金，支持我們視障學生和青年的全面發展，包括學術追求和職業發展。今年，這筆基金讓 15 位視障青年受益，使他們能夠追求專業資格。借此機會，我還要特別感謝獎學金選拔委員會的各位成員，感謝他們抽出寶貴時間與獎學金申請者會面和溝通，深入了解學生的需求和願望。

此外，本校除了提供文憑試課程外，還進一步豐富學生的應用學習課程選擇，新增了多個旨在幫助學生提升職業技能和知識的科目。這些新增的課程為學生們提供更多元化的學習機會，使他們在未來職場上加強個人競爭力和適應能力。

前線員工在與視障人士溝通中扮演著首要角色，因此加強員工培訓對於提升我們的服務質量至為重要。本機構新推出的培訓計劃，如運動心理學和伊甸園計劃，已為員工提供專業且具針對性的技能培訓，使他們能夠為學生的體育發展提供適切指導。

我們致力在安全和愉快的環境中提供優質的服務。其中，

我們與香港盲人輔導會共同創辦的香港定向行走專業人員協會 (HKOMSA) 發展顯著。我們共有 14 名教師參加了協會籌辦的課程，並與定向行走領域的專業人士進行知識交流。另外，心光幼兒中心的工作人員參加了由社會福利署籌辦的保護兒童課程；而本校教師和機構員工亦參加了國家安全的研討會，以增加對重要議題的了解。

誠然，若非香港特別行政區政府和社區不懈的慷慨支持，這一切美好願望都將無法實現。我們在此亦向香港賽馬會慈善信託基金、香港公益金、羅桂祥基金會，以及其他眾多捐助者、贊助商、義工們和教會表示我們最誠摯的感謝。您們對我們服務的堅定支持是推動我們邁向成功的關鍵，賦予我們力量去改變社區中無數人的生命。

同時，我亦要對我的同事，包括董事會成員、院長及員工團隊的辛勤工作和不懈付出致以衷心的感謝。最後，我不忘感謝德國喜迪堪會，特別是主席 Matthias Woehrmann 牧師、執行董事 Andreas Chrzanowski 牧師，以及他們的法律顧問 Michael Algermissen 先生。他們於 11 月到訪心光五天，為他們兩年前就任新職以來首次訪問香港。我們深切感謝他們積極關注本機構的發展路向，亦為機構的未來發展提供不少寶貴的建議。

我們將繼續以樂觀和堅定的態度，全力發揮我們的潛能。在上帝的祝福下，心光機構、心光學生以及我們的服務使用者必會不斷成長與進步。

# Chief Executive Officer's Report

This year has been a fruitful and enriching one for Ebenezer. As we transition back to normal operations, there is a palpable sense of urgency from all our units to make up for precious time lost. However, amidst the hustle and bustle, we also recognise the importance of taking moments of quiet reflection to be able to thoughtfully move forward with efficiency.

On our end, our staff have been working tirelessly to enhance efficiency and communication at Ebenezer. Our senior and frontline staff have been giving presentations at board meetings, staying tuned to the evolving needs of the organisation and providing strategic recommendations for improvement. More importantly, we also made increased efforts to actively communicate with the other units, allowing our senior staff to gain a well-rounded and nuanced understanding of the more intricate and internal issues of every department and encourage cross-unit collaboration in direct service, action research, teaching and learning as well as staff development programs.

Moving on, we are thrilled to learn that our students are grasping opportunities to compete in international sports competitions. Representing Hong Kong, China on the international stage, Tang Tsz Long, Ivan, our alumnus, stands as a testament to the power of perseverance and a positive mindset in the face of adversity and hardship. As a double silver medallist at the Hangzhou Asian Para Games in October 2023 for lawn bowling, Tang brought home second place for Hong Kong, winning silver for both Men's Singles and Mixed Pairs, and in May 2024, he won the gold medal in the Mixed B1/B2 Doubles event at the IBD World Championship 2024 in South Africa. We are immensely proud of his achievements, and are inspired by his unwavering determination and resilience in not letting his visual impairment define him. We hope that Tang's accomplishments will inspire students and athletes alike, empowering them to pursue their dreams with equal passion and unbreakable spirit. Looking ahead, we are excited to see how Tang will continue to inspire and motivate others to reach new heights, both in sports and in life.

Our students have also been more actively involved in exploring various forms of music. Sponsored by

the Intangible Cultural Heritage Funding Scheme, we explored the profound historical legacy and multifaceted cultural tapestry of Dishui Nanyin and directly observed the refined technique and skill of these visually impaired musicians. We are grateful to have Master To Wing and Mdm Tong Siu Yin to train our students, and a few of our alumni have been selected to the 'Nanyin successor class'. We hope that this experience allowed them to perceive music in a different light, to pursue their ambitions despite their visual impairment, and to make this legacy sustainable. Furthermore, to cater for the potential of our VI youths in popular music, we had a series of pop song competition, from competitions, lyric writing, singing, music arrangement, mixing to recording, all by the visually impaired young people. We all look forward to releasing the first song: Pinnacle of Success (以巔峰做證) in summer. Please give a like to it.

To enhance our students' knowledge of our country, Ebenezer organised trips to our sister schools in the Mainland. Each trip was joined by students and teachers who could experience the latest developments in the Mainland, the rich history and the education services provided to the visually impaired there. We have also received visits of Hildesheimer Blindenmission, blind schools and VI organisations from Guangzhou, Macao and Singapore. They gave high commendation to our services, especially in the areas of employment programs, use of assistive technology and AI, music development and curricula enriched with vocational elements for students to be competent for a more decent, healthy, contributory life with quality. For further details, please refer to the reports of the units.

A high standard and quality of services is and has always been a top priority at Ebenezer. Our continued efforts to safeguard and enhance quality encompasses every unit of our organisation. Our staff attended relevant training required by Education Bureau and Social Welfare Department (SWD); security surveillance devices have been upgraded; our board directors and senior staff regularly conduct surprise checks to ensure compliance with established policies and procedures, and more importantly the safety and well-being of our students and residents.

Celebrating Christmas with the Chief Executive and The Patron Mrs. Lee during the Music Performance  
藉音樂表演與特首伉儷同賀聖誕

I would also like to take this opportunity to thank our Chairman, all Board members and colleagues for their hard work this year; their success would not have been possible without your tireless commitment and dedication to the Ebenezer mission. The same goes to our churches, government, sponsors, friends and volunteers – your support and generosity is the lifeblood that sustains our organisation.

In April 2024, we were so grateful to have received a very generous gift from an alumna of St. Stephen's Girls' College (SSGC), who decided to give her birthday gifts to us as a gesture for the respect and love she holds for her beloved Principal Dr. Kay Barker. Dr. Barker is an educator who pioneered remarkable education reforms in Hong Kong and initiated inclusive education; under Dr. Barker's guidance, SSGC became the first mainstream school that admitted our visually impaired girls to pursue Senior Secondary Education in the early 1970s. To honour Dr. Barker's contributions, the Ebenezer student dining hall was named the "Dr. Kay Barker Student Dining Hall" to commemorate Dr. Barker's distinguished contributions to education. This naming decision serves as a lasting tribute to Dr. Barker's dedication and profound impact on Ebenezer and the visually impaired children and youth. Our

students also had the prestigious opportunity to share the hymn 'We build our school on Thee O Lord', a painting in oil pastel, and attended Zoom meetings with Dr. Barker and friends of SSGC.

In the coming year, we are looking to further expand and improve upon our services at Ebenezer: to render services to the suspected low vision children between the ages of 2 and 6 at our special child care centre is one important move. We are so pleased that SWD accepted our suggestion and has made appropriate referral updates for their admission. Our determination to help suspected VI as early as possible has been appreciated.

With steadfast commitment to our cause of creating a better world with and for the visually impaired, we are confident that Ebenezer will continue to flourish and reach new heights in the coming year.

"For I know the plans I have for you, declares the Lord, plans for welfare and not for evil, to give you a future and a hope" (Jeremiah 29:11). With faith and fortitude, we shall realise God's vision for Ebenezer.

## 院長報告

Presentation of the Hang Lung Scholarship and Development Donation for the Visually Impaired  
頒發恒隆視障人士獎學及發展金

今年對心光機構而言，是成果豐碩的一年。隨著疫情消退，我們重返正軌，各部門全力以赴，彌補失去的寶貴時光。儘管生活忙碌，我們卻學會在繁忙中靜心反思。只有透過反思，我們才能有效地實現目標，邁步向前。

為進一步提高工作效率及溝通成效，我們的管理層和前線員工多次在董事會會議中進行匯報，積極關注機構的發展和需求，並提供具策略性的建議。更重要的是，我們加強與不同部門溝通，並實施跨部門合作。透過交流、行動研究、示範教學以及進行教師發展活動，我們的管理層得以全面且深入地了解每個部門所面對的複雜情況，從而推動整個機構的持續進步與發展。

接下來，值得我們興奮的是，本校學生和校友亦代表香港參與各種國際體育賽事。其中，本校校友鄧子朗在 2023 年 10 月於杭州舉行的亞洲殘疾人運動會中，參與男子單打和混合雙打草地滾球賽事，並贏得兩枚銀牌。他在國際舞台上展現堅毅不屈的精神，實在值得讚賞。其後，在 2024 年 5 月於南非舉辦的 IBD 世界錦標賽上，子朗在混合 B1/B2 雙打項目中勇奪金牌，為香港爭光。子朗從未受視力障礙限制，他的堅定決心不僅啟發了我們，更讓我們引以為傲。我們希望子朗的卓越成就能激勵其他學生及運動員，鼓勵

他們以同樣的熱情和不屈不撓的精神追求夢想。展望未來，我們期待看到子朗繼續鼓舞他人，在體育和生活等各領域攀上新的高峰。

除了體育，本校學生同樣積極參與和探索各種音樂領域。在非物質文化遺產基金的支持下，我們研習地水南音的歷史文化背景，並特別感謝杜泳師傅和唐小燕女士親臨本校指導學生，更十分榮幸有數位校友被選入「南音承傳人班」，使傳統得以繼續傳承。我們希望這次經驗能讓本校學生以不同的視角重新感知音樂的魅力，並鼓勵他們即使面對視力障礙，也能努力追求和實現自己的音樂夢想。此外，為發掘視障青年在流行音樂領域的潛力，我們開展了一系列流行音樂創作及表演活動。音樂創作均由視障青年完成，活動涵蓋作曲、填詞、演唱、音樂編排、混音和錄音。《以巔峰做證》將在今年夏天正式發布，我們誠摯邀請各界對此作品給予支持，見證視障青年的藝術成就。

為加強學生對祖國的了解，心光機構多次舉辦與內地姊妹學校的交流活動。活動使學生和老師能夠接觸和體驗內地的最新發展、認識豐富的歷史文化，以及當地視障學校的教育服務。不僅如此，我們還接待了德國喜迪堪會、廣州盲校、澳門和新加坡盲人組織的來訪。到訪者對我們的教

育服務均給予高度評價，特別在就業項目、輔助科技和人工智能的應用、音樂發展，以及含職業元素的課程設計方面。通過以上提及的教育和服務，讓學生更趨成熟，能健康地生活，並積極回饋社會。歡迎參閱各部門的報告，以了解更多詳情。

心光機構重視且致力於提供優質的服務。為了保障及提升機構各部門的素質，我們努力不懈。我們的員工定期參加由教育局和社會福利署所提供的專業培訓，機構內的安全監控設備也得以提升。我們亦重視學童及其宿舍的安全和福祉，董事會成員和管理層會定期突擊檢查，以確保機構的運作嚴格遵循既定的政策與程序。

在此，我衷心感謝我們的主席、所有董事會成員和同事們今年的無私奉獻和辛勤工作。正是大家遵循心光機構的使命，為此不懈努力，我們才得以取得今天的卓越成果。還有，我也必須感謝教會、政府、贊助商、各界友好以及義工們——你們的慷慨支持是心光機構維持運作和發展的命脈。

我們非常感激聖士提反女子中學一位校友的慷慨捐贈，於2024年4月將自己的生日禮物捐贈予心光機構，以此表達對其前校長 Dr. Kay Barker 的深厚敬意和愛戴。Dr. Kay Barker 是一位偉大的教育家，在香港推行了卓越的教育改革，並倡導融合教育。在她的領導下，聖士提反女子中學於1970年代初成為首間招收我們視障女學生進行高中教

育的學校。為紀念和表彰 Dr. Barker 在教育領域的卓越貢獻，以及她對心光機構及視障兒童和青年的深遠影響，心光學校的學生飯堂被命名為「Dr. Barker 學生飯堂」，以向 Dr. Barker 的奉獻精神與貢獻致敬。在命名儀式上，本校學生很榮幸能夠獻唱聖詩《We build our school on Thee O Lord》，以及展示油畫蠟筆作品，並與 Dr. Barker 及聖士提反女子中學的同學進行視像會議。

來年，我們將進一步擴展和提升機構的服務範圍和質量。其中的重要一環，我們將在幼兒中心，為2至6歲懷疑低視力的兒童，提供針對性的服務。值得欣慰的是，我們的努力和決心在社會上獲得了廣泛的認可與讚賞。社會福利署已採納我們的建議，並已更新相關轉介程序，以便視障幼童能夠更順利地獲得訓練機會。

我們堅定承諾與視障人士共同創立一個更美好的世界。通過不斷的努力和創新，我們堅信在未來一年，心光機構將繼續蓬勃發展和再創高峰。

憑藉信仰與堅毅，我們履行上帝賦予心光的使命。正如聖經耶利米書29章11節所述：「我知道我向你們所懷的意念是賜平安的意念，不是降災禍的意念，要叫你們末後有指望。這是耶和華說的。」

## Balance Sheet

A healthy and stable balance sheet has been maintained, with cash at bank, on hand and time deposits of HK\$100.5 million while the balance on the designated funds was HK\$100.8 million.

## Investments

Of the surplus funds in which the Board had deemed available for investment, approximately 48.53% had been invested in shares and private income fund, whereas the remaining funds were placed into time deposits with reputable banks in Hong Kong. The investments were made mainly in blue chip companies listed in Hong Kong, in general, being held for the long term and for their attractive dividend yields.

With authority delegated from the Board to the Finance Committee, approximately 8.9% of the portfolio was traded more actively, aiming at generating capital gains. The Finance Committee was delegated to make decisions on purchases and sales in regards to this portion of the portfolio, where any potential changes to the larger portfolio as recommended would require approval from the Board. The Finance Committee

was also obliged to provide regular updates on the investment portfolio at every Board meeting.

The portfolio was monthly reviewed by the Finance Committee, but more frequently when there was higher stock exchange activity or other market developments.

## Lump Sum Grant (LSG) Reserve under Social Welfare Department

As at 31 March 2024, the LSG Reserve was \$5.6 million. The existing reserve level was considered reasonable in sustaining our future and ad hoc needs. This allowed us to fulfill our contractual commitments to staff, as well as forging a stable and experienced staff team to maintain and strengthen our services.

## Provident Fund (PF) Reserve under Social Welfare Department

As at 31 March 2024, the PF Reserve was \$4.3 million which could only be used in PF commitments.

## Business review report

### ➤ *Fair review of Ebenezer's service*

1. The Ebenezer School and Home for the Visually Impaired Limited (Ebenezer) is a non-profit organization founded in 1897 in the Christian faith by Hildesheimer Blindenmission, Germany. It is limited by guarantee and tax exempted under Section 88 of the Inland Revenue Ordinance.
2. Ebenezer aims to provide quality education, rehabilitation, employment support and residential services for children and alumni with visual, intellectual, and other impairments. Holistic residential care and nursing facilities are also provided for elderly women with visual impairment. We strive to build comprehensive and multi-faceted education programmes for our students, and pave the way for their efficient transition from school to work with the objective of empowering them to lead a more rewarding lifestyle.
3. To achieve these aims, we operate the following programmes targeted at different categories of service users:- Ebenezer School, Ebenezer New Hope School, Ebenezer Child Care Centre, Care & Attention Home, Early Intervention Programme, Project WORKS (Employment Support Service), Ebenezer Music Academy and Christian Ministry. Further information is given below and elsewhere in this Annual Report.

### ➤ *Principal risks / uncertainties and opportunities facing Ebenezer*

4. With the continuing ageing of some of the buildings and facilities of Ebenezer, various repair works have been and will continue to be carried out to adequately maintain these facilities.
5. We expect to achieve good progress in the coming years on our relocation plan, the purpose of which is to provide better facilities and services to our visually impaired students, alumni and the elderlies.

### ➤ *Important events affecting Ebenezer since the end of the financial year*

6. There have been no important events affecting Ebenezer since the end of the financial year.

### ➤ *Likely future development*

7. Ebenezer will continue to strive to evolve services provided to the visually impaired; more IT assistive technology will be introduced, more emphasis will be put on career development of our alumni, and more diverse talent fostering services will be put in place to prepare our service users for the challenges in the coming decades.

### ➤ *Environmental policies and compliance with laws and regulations*

8. We continue to support the development of a sustainable community through energy saving initiatives, green horticulture practices, management, education and other environmental related programmes at our campus.

12. We are mindful of the need to enhance communication with staff through regular staff meetings as well as the use of opinion collection mechanisms through the staff's elected representatives.

# Independent auditor's report to the members of The Ebenezer School and Home for the Visually Impaired Limited (Incorporated in Hong Kong and limited by guarantee)

## ➤ **Opinion**

We have audited the combined financial statements of The Ebenezer School and Home for the Visually Impaired Limited (the "Company") set out on pages 20 to 31, which comprise the combined statement of financial position as at 31 March 2024, and the combined statement of profit or loss and other comprehensive income, the combined statement of changes in funds and reserves and the combined statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanation information.

In our opinion, the combined financial statements of the Company for the year ended 31 March 2024 are prepared, in all material respects, in accordance with the basis of preparation as set out in note 2 to the combined financial statements.

## ➤ **Basis for opinion**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"). Our responsibilities under those standards are further described in the "Auditor's responsibilities" section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants issued by the HKICPA (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## ➤ **Other information**

The directors are responsible for the other information which comprises the information included in the Company's directors' report and business review report for the year ended at 31 March 2024.

Our opinion on the combined financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the combined financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the combined financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## ➤ **Directors' responsibilities for the combined financial statements**

The directors are responsible for the preparation of combined financial statements in accordance with the basis of preparation set out in note 2, and for such internal control as the directors determine is necessary to enable the preparation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for overseeing the Company's financial reporting process.

## ➤ Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :-

- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the combined financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the combined financial statements, including the disclosures, and whether the combined financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities with the Company to express an opinion on the combined financial statements. We are responsible for the direction, supervision and performance of the Company audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement director on the audit resulting in this independent auditor's report is Wan Tak Shing (Practising Certificate Number: P04844).

## Notes to the combined financial statements

### For the year ended 31 March 2024

#### 1. Corporate information

The Company is limited by guarantee, such that under the provisions of the Company's Articles of Association, every member shall, in the event of the Company being wound up, contribute such amount as may be required to meet the liabilities of the Company, but not exceeding \$100 each.

The Company is a non-profit organisation and provides educational and boarding facilities for mentally and visually impaired children, as well as nursing facilities for elderly visually impaired people.

#### 2. Basis of preparation

##### (a) Basis of combination

Previously, the operations of Ebenezer School and Ebenezer New Hope School formed part of the Company. However, pursuant to the requirement of Part IIIB of the Education Ordinance (Cap.279) and the board's decision on 21 March 2013, it was determined that the Incorporated Management Committees of Ebenezer School and Ebenezer New Hope School were separately incorporated on 31 August 2013 to manage the operations of two schools (the "Reorganisation"). The Company transferred the operations of Ebenezer School and Ebenezer New Hope School and certain of their assets, liabilities, employment contracts and contracts with various suppliers and service providers to the respective Incorporated Management Committees of Ebenezer School and Ebenezer New Hope School on 31 August 2013.

Notwithstanding the above, the Company presents the combined financial statements for the years ended 31 March 2023 and 2024, which comprise the financial statements of the Company, Ebenezer School and Ebenezer New Hope School (together referred to as the "Group") on the basis that all the Group entities are under the common control of the members of the company before and after the Reorganisation. The purpose of the combined financial statements is to enable the members of the Company to evaluate the financial performance and position of the Group.

Intra-group balances, transactions and cash flows are eliminated in full in preparing the combined financial statements.

The combined financial statements have not measured the interests of other sponsoring entities in Ebenezer School and Ebenezer New Hope School as the respective interests may vary.

##### (b) Statement of compliance

The financial statements of the Company have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS"), Hong Kong Accounting Standards ("HKAS") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (hereinafter collectively referred to as "Hong Kong Financial Reporting Standards"). The financial statements of Ebenezer School and Ebenezer New Hope School have been prepared in accordance with the accounting requirements of the Code of Aid, relevant letters, circulars and guidelines issued by the Education Bureau and such

instructions may be given by the Permanent Secretary for Education.

##### (c) Disclosure under Section 436 of the Hong Kong Companies Ordinance

These combined financial statements do not constitute the audited financial statements of the Company that have been or to be laid in the Company's annual general meeting or sent to members in the absence of an annual general meeting.

The Company has delivered and will deliver the audited financial statements for the years ended 31 March 2024 and 31 March 2023 to the Companies Registrar as it is required to.

The Company's auditor has reported on the audited financial statements for the years ended 31 March 2024 and 31 March 2023. The auditor's reports were not qualified; and did not contain a statement under either Sections 406(2), 407(2) or 407(3) of the Hong Kong Companies Ordinance.

##### (d) Initial application of HKFRSs

In the current year, the Company initially applied the following HKFRSs :-

HKFRS 17 and amendments to HKFRS 17	Insurance Contracts and the Related Amendments
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies
Amendments to HKAS 8	Definition of Accounting Estimates
Amendments to HKAS 12	Deferred tax related to assets and liabilities arising from a single transaction
Amendments to HKAS 12	International Tax Reform - Pillar Two Model Rules

The initial application of these financial reporting standards does not necessitate material changes in the Company's accounting policies and retrospective adjustments of the comparatives presented in the financial statements.

*Change in accounting policy as a result of application of the HKICPA guidance on the accounting implications of the abolition of the Mandatory Provident Fund ("MPF") - Long Service Payment ("LSP") offsetting mechanism in Hong Kong*

The Company is obliged to pay LSP to Hong Kong employees under certain circumstances. In June 2022, the Government of the HKSAR gazetted the use of the accrued benefits derived from employers' mandatory MPF contributions to offset severance payment and LSP (the "Abolition"). The Abolition will officially take effect on 1 May 2025 (the "Transition Date").

In July 2023, the HKICPA published guidance for the accounting for the offsetting mechanism and the impact arising from abolition of the MPF-LSP offsetting mechanism in Hong Kong. In light of this, the Company has implemented the guidance published by the HKICPA in connection with the LSP obligation retrospectively.

The Company considered the accrued benefits arising from employer MPF contributions which could be used to offset the employee's LSP benefits as a deemed contribution by the employee towards the LSP. Historically, the Company accounted for the deemed employee contributions as a reduction of the service cost in the period in which the related service is rendered.

Based on the HKICPA's guidance, as a result of the Abolition, these deemed contributions should be attributed to periods of service in the same manner as the gross LSP benefit applying paragraph 93(a) of HKAS 19. The Company has performed an assessment and concluded that the change in accounting policy had no material impact on the Company and the catch-up adjustment is immaterial.

### (e) HKFRSs in issue but not yet effective

The Company has not early applied the following new and revised HKFRSs that have been issued but are not yet effective for the year ended 31 March 2024 :-

Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and Related Amendments to Hong Kong Interpretation 5 (2020) <sup>1</sup>
Amendments to HKAS 1	Non-current Liabilities with Covenants <sup>1</sup>
Amendments to HKFRS 16	Lease Liability in a Sale and Leaseback
Amendments to HKAS 7 and HKFRS 7	Supplier Finance Arrangements <sup>1</sup>
Amendments to HKAS 21	Lack of Exchangeability <sup>2</sup>
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>3</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2024

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2025

<sup>3</sup> Effective for annual periods beginning on or after a date to be determined

The directors of the Company anticipate that the application of these new and amendments to HKFRSs will have no material impact on the financial statements in the foreseeable future.

## 3. Material accounting policies

### (a) Measurement basis

The measurement basis used in the preparation of the financial statements is the historical cost basis except that the financial assets at FVOCI are stated at their fair value as explained in note 3(c).

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

### (b) Fixed assets and depreciation

Fixed assets are stated at cost less accumulated depreciation and impairment losses.

Depreciation is calculated to write off the cost of items of fixed assets, less

their estimated residual value, if any, using the straight line method over their estimated useful lives as follows :-

Furniture, fixtures and equipment	5 years
Computer equipment	3 years
Motor vehicles	5 years

Both the useful life of an asset and its residual value, if any, are reviewed annually.

The carrying amounts of fixed assets are reviewed for indications of impairment at the end of each reporting period. An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. The recoverable amount of an asset, or of the cash-generating unit to which it belongs, is the greater of its fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is reversed if there has been a favourable change in estimates used to determine the recoverable amount.

Gains or losses arising from the retirement or disposal of a fixed asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss on the date of retirement or disposal.

### (c) Financial assets

Accounts receivable that do not contain a significant financial component or for which the Company has applied the practical expedient of not adjusting the effect of a significant financial component are measured at the transaction price determined under HKFRS 15. All the other financial assets are initially recognised at fair value plus transaction costs that are attributable to the acquisition of the financial assets, except in the case of financial assets recorded at fair value through profit or loss. Regular way purchases and sales of financial assets are recognised on the trade date, that is, the date when the Company commits to purchase or sell the asset.

#### (i) Classification and measurement

Debt instruments are measured at amortised cost using the effective interest rate method, subject to impairment if the assets are held for the collection of contractual cash flows where those contractual cash flows represent solely payments of principal and interest.

Debt instruments are measured at FVOCI if the assets' contractual cash flows represent solely payments of principal and interest and the assets are held for collection of contractual cash flows and for selling the financial assets. Such financial assets are subsequently measured at fair value with any gains or losses from changes in fair value recognised in other comprehensive income, except for impairment losses and reversal, foreign exchange gains and losses and interest calculated using the effective interest rate method which are recognised in the statement of profit or loss. The cumulative gains or losses previously recognised in other comprehensive income are reclassified from other comprehensive income to the statement of profit or loss when the financial asset is derecognised.

Debt instruments that do not meet the criteria for amortised cost or as financial assets at FVOCI are measured at fair value through profit or loss. Interest income for these financial assets is included in finance income.

Equity investments are measured at fair value through profit or loss unless, on initial recognition, the Company has irrevocably elected to designate such investments that are not held for trading as equity investments at FVOCI. Dividends of such investments are recognised in the statement of profit or loss when the Company's right to receive payment is established.

Changes in the fair value of such investments are recognised in other comprehensive income and are never recycled to the statement of profit or loss even when the assets are sold.

(ii) Impairment

The Company recognises a loss allowance for expected credit losses ("ECLs") on financial assets measured at amortised cost (including accounts receivable, deposits, income receivable, time deposit and cash and cash equivalents).

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all expected cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

In measuring ECLs, the Company takes into account reasonable and supportable information that is available without undue cost or effort. This includes information about past events, current conditions and forecasts of future economic conditions.

ECLs are measured on either (i) 12-month ECLs: these are losses that are expected to result from possible default events within the 12 months after the reporting date; and (ii) lifetime ECLs: these are losses that are expected to result from all possible default events over the expected lives of the items to which the ECL model applies.

For other financial instruments, the Company recognises a loss allowance equal to 12-month ECLs unless there has been a significant increase in credit risk of the financial instrument since initial recognition, in which case the loss allowance is measured at an amount equal to lifetime ECLs.

At the end of each reporting period, the Company reviews the carrying amounts of other non-current assets to determine whether there is any indication that those assets have suffered an impairment loss. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately, unless the relevant asset is carried at a revalued amount under another standard, in which case the impairment loss is treated as revaluation decrease under that standard.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately, unless the relevant asset is carried at a revalued amount under another standard, in which case the reversal of the impairment loss is treated as revaluation increase under that standard.

(iii) Derecognition

Financial assets are derecognised when the rights to receive cash flows from the assets have expired; or where the Company has transferred its contractual rights to receive the cash flows of the financial assets and has transferred substantially all the risks and rewards of ownership; or where control is not retained.

### **(d) Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition.

### **(e) Payables**

Payables are initially recognised at fair value and subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

### **(f) Employee benefits**

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

Obligations for contributions to defined contribution retirement plans under the Hong Kong Mandatory Provident Fund Schemes Ordinance are recognised as an expense in the statement of profit or loss and other comprehensive income as incurred.

Termination benefits are recognised when, and only when, the Company demonstrably commits itself to terminate employment or to provide benefits as a result of voluntary redundancy by having a detailed formal plan which is without realistic possibility of withdrawal.

The Company's net obligation in respect of long service payments is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods and discounting that amount using the projected unit credit method. The estimated future benefit is determined after deducting the negative service cost arising from the accrued benefits derived from the Company's defined contribution retirement schemes vested with employees, which are deemed to the contributions from the relevant employees.

### **(g) Provisions and contingent liabilities**

Provisions are recognised for liabilities of uncertain timing or amount when the Company has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

### **(h) Right-of-use assets**

A right-of-use asset is recognised for contracts under which the Company obtains the right to use an underlying asset for a period of time in exchange for consideration, except for short-term or low value leases.

Right-of-use assets are measured at cost less accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities except for right-of-use assets that meet the definition of investment property are carried at cost less accumulated depreciation and impairment losses. Cost represents aggregate of lease payments made at or before the lease commencement date, initial direct costs incurred, lease liability recognised at the lease commencement date and an estimate of restoration costs, less any incentives received.

Lease payments for short-term or low value leases are recognised as an expense on a straight-line basis.

### (i) Revenue recognition

Where a revenue item is attributable to designated funds, the revenue is allocated to the respective funds; all other revenue is allocated to general fund.

Revenue is recognised when control over a product or service is transferred to the customer at the amount of promised consideration to which the Company is expected to be entitled, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

- Government subsidies are accounted for on an accrual basis. Recurrent grants and earmarked grants for specific purposes spent on capital expenditure are initially recorded as Deferred Capital Fund and recognised as income over the useful lives of the related assets when they are put into use, to the extent of the related depreciation expenses incurred for the period.
- Donations are recognised when the Company becomes entitled to the donations and it is probable that they will be receivable. Donations specifically relating to the acquisition of a capitalisable asset are recognised on a straight line basis over the estimated useful life of the corresponding asset (see note 3(b)).
- Income from boarding fees is recognised over time with reference to time elapsed, which faithfully depicts the relative value of the services provided to customer to date.
- Interest income is recognised as it accrues using the effective interest method.
- Dividend income from listed investments is recognised when the share price of the investment goes ex-dividend.

### (j) Related parties

- A person, or a close member of that person's family is related to the Company if that person :-
  - has control or joint control over the Company;
  - has significant influence over the Company; or
  - is a member of the key management personnel of the Company or the Company's parent.
- An entity is related to the Company if any of the following conditions applies :-
  - The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
  - One entity is an associate or a joint venture of the other entity (or an associate or a joint venture of a member of a group of which the other entity is a member).
  - Both entities are joint ventures of the same third party.
  - One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
  - The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company.
  - The entity is controlled or jointly controlled by a person identified in (a).
  - A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

### (k) Significant judgement

In the process of applying the accounting policies, judgements that can significantly affect the amounts recognised in the combined financial statements are made in determining :-

- whether there is an indication of impairment of assets;
- the expected manner of recovery of the carrying amount of assets; and
- the discount rates used to calculate the recoverable amount of assets for the purpose of impairment review.

Deferred Capital Fund represents donations and government subsidies received and receivable by the Company that are reserved for the purchase of fixed assets. These subsidies are recognised as income to the Company in the statement of profit or loss and other comprehensive income on a straight-line basis over the estimated useful lives of the related assets.

The fair value reserve comprises the cumulative net change in the fair value of financial assets at FVOCI held at the end of the reporting period and is dealt with in accordance with the accounting policies in note 3(c).

## 16. Financial risk management and fair values

Exposure to credit, liquidity, interest rate and currency risks arises in the normal course of the Company's operations. The Company is also exposed to equity price risk arising from its equity investments in other entities.

The Company's exposure to these risks and the financial risk management policies and practices used by the Company to manage these risks are described below.

### (a) Credit risk

The Company's credit risk is primarily attributable to accounts receivable for donations from various parties. Management does not foresee any significant credit risk from parties who fail to meet its commitments on donations. Also, the Company's cash and cash equivalents were held by a major financial institution located in Hong Kong, which management believes are of high credit quality. Accordingly, the overall credit risk is considered limited. The Company assessed that there is no significant loss allowance recognised in accordance with HKFRS 9 as at 31 March 2024.

### (b) Liquidity risk

The Company's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term.

The following table presents the earliest contractual settlement dates of the Company financial liabilities at the end of the reporting period.

	2024	
	Carrying amount HK\$	Within 3 months or on demand HK\$
Accounts payable and accruals	<u>3,808,350</u>	<u>3,808,350</u>
	2023	
	Carrying amount HK\$	Within 3 months or on demand HK\$
Accounts payable and accruals	<u>1,900,272</u>	<u>1,900,272</u>

In order to manage the above liquidity demands, at 31 March 2024 cash at bank and on hand of HK\$100,516,259 (2023 : HK\$103,715,427) are considered readily available.

### (c) Interest rate risk

At 31 March 2024, the Company does not have any assets or liabilities which expose the Company to significant interest rate risk.

### (d) Foreign currency risk

The Company has no significant exposure to foreign currency risk as substantially all of the Company's transactions are denominated in Hong Kong dollars.

### (e) Market price risk

Market price risk is the risk that the fair value or future cash flows of a financial instrument traded in the market will fluctuate because of changes in market prices.

The Company is exposed to market price risk on the equity and debt investments classified as financial assets at FVOCI (see note 7).

The Company's investments are listed on the Stock Exchange of Hong Kong and Singapore Exchange. Listed investments held in the investment portfolio have been chosen based on their longer term growth potential and are monitored regularly for performance against expectations.

At 31 March 2024, it is estimated that an increase/decrease of 5% (2023: 5%) in the prices of the investments classified as financial assets at FVOCI would have increased/decreased the Company's fair value reserve and total funds and reserves by approximately HK\$2,015,464 (2023 : HK\$1,542,941).

### (f) Fair values

(i) Financial instruments carried at fair value

The following table presents the carrying value of financial instruments measured at fair value at 31 March 2024 across the three levels of the fair value hierarchy defined in HKFRS 13, Fair Value Measurement, with the fair value of each financial instrument categorised in its entirety based on the lowest level of input that is significant to that fair value measurement. The levels are defined as follows :-

- Level 1 (highest level): fair values measured using quoted prices (unadjusted) in active markets for identical financial instruments
- Level 2: fair values measured using quoted prices in active markets for similar financial instruments, or using valuation techniques in which all significant inputs are directly or indirectly based on observable market data
- Level 3 (lowest level): fair values measured using valuation techniques in which any significant input is not based on observable market data

	Fair value at 31 March HK\$'000	Quoted market price Level 1 HK\$'000	Using observable inputs Level 2 HK\$'000	With significant unobservable inputs Level 3 HK\$'000
<b>31 March 2024</b>				
Private income fund	6,127,834	-	-	6,127,834

	<u>30,858,834</u>	<u>25,827,154</u>	-	<u>5,031,680</u>

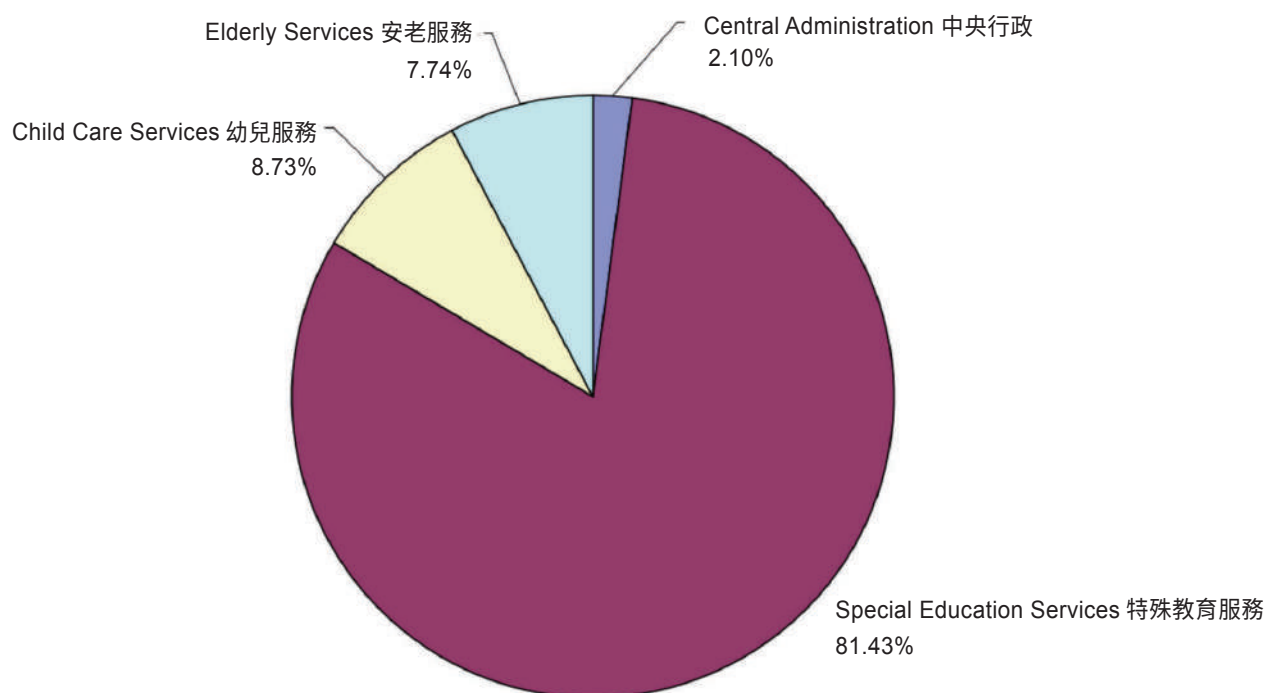

During the years ended 31 March 2024 and 2023, there were no transfers between Level 1 and Level 2, or transfers into or out of Level 3. The Company's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

These instruments fall into Level 3 of the fair value hierarchy described above, which is based on the private income fund's net assets value.

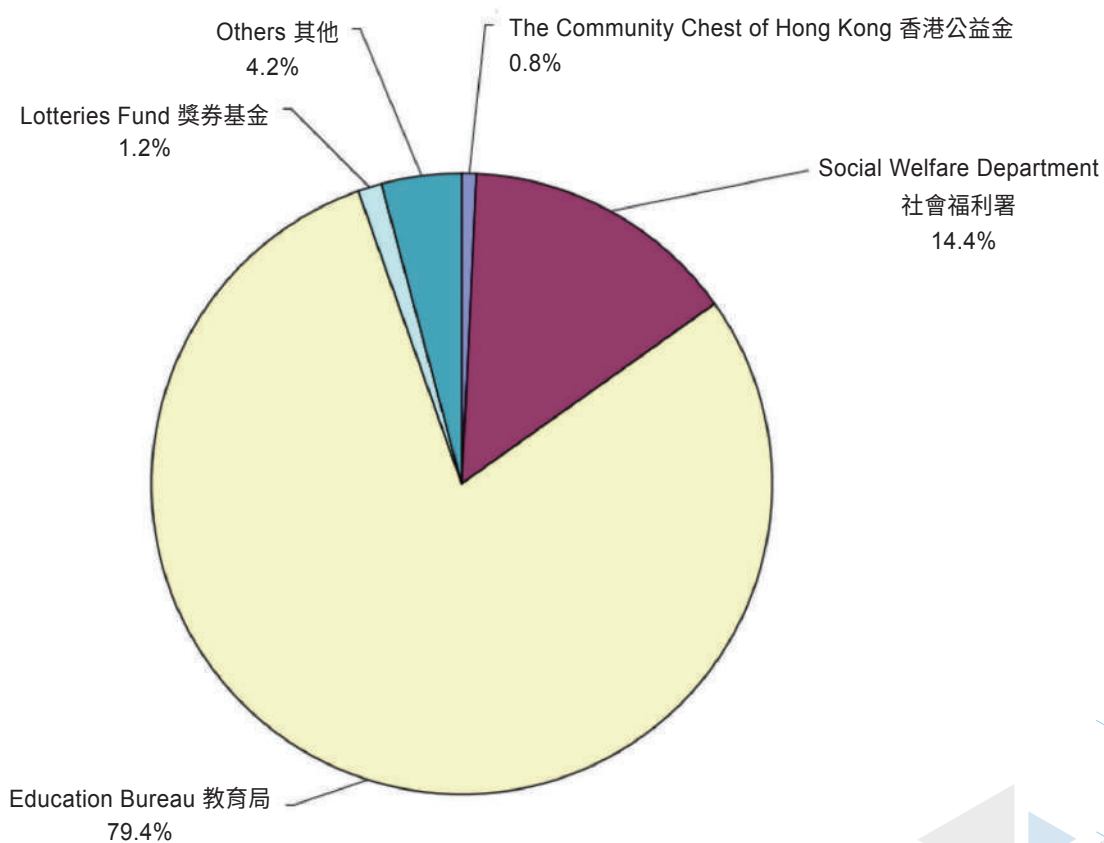

(ii) Fair values of financial instruments carried at other than fair value

All other financial instruments are carried at amounts not materially different from their fair values as at 31 March 2024 and 2023.

# Early Intervention Programme For Visually Impaired Children

This year is the first year of the new 3-year grant cycle (2023-26) funded by The Hong Kong Jockey Club (HKJC). We are sincerely thankful for HKJC's generous donation for continuing our services for visually impaired children between the ages of 0 and 6.

- We provided a total of 1062 sessions for 138 visually impaired children, including assessments, individual centre training, outreach training, transitional support for pre-P1 children and teleconsultation. We received 39 new applications and 48 new admissions this year. Over 40% were self-approached and 50% were referred by the Child Assessment Center and other medical institutions.
- The project "Short-term Interventions and Basic Visual Training for VI Children" was completed on 31 May 2023. We provided 41 families with 10 sessions of service, including assessments, home visits and training.
- Among all the users this year, almost 60% of them are diagnosed with Cortical Visual Impairment (CVI) or exhibit characteristics of CVI.
- After COVID, online activities became the new norm. Some of our programmes, including CVI talks, RSP talks and PT talks remained online even after our usual services had resumed. The online talks were more convenient for the parents so more families could join.
- With the help of the physiotherapists, we were able to set up 4 new groups for children on the long waiting list, specifically those under 2 years old and over 5 years old. There were two VI baby motor development groups, one pre-O&M group and one gross motor group. These groups started with an online educational talk to introduce the difficulties of gross motor development in VI children and

- followed by 3 face-to-face training sessions. We had received very positive feedback from the parents.
- "Assessment Week" was introduced as a new measure to serve the children on the waiting list. We conducted 12 assessments for waitees in the first assessment week to help parents get a better understanding of their children's visual needs. Meanwhile, parents were encouraged to contact us through calls, videos, and messages for any enquiries.
- Teleconsultation was another new service implemented this year to give parents who could not attend the training with their children an alternative to receive updates on their children's training progress and to consult our teachers for home training techniques.
- Some new parent support programmes were introduced as muscle pain and lack of self-care were the most common issues among caregivers. We launched a series of self-care programmes, such as physiotherapy class for muscle pain and "Chocolate Class for Chinese Valentine's Day" to enhance caregiver's awareness of self-care.
- For family programmes, we resumed the reunion BBQ for our graduates. We also organised the "Little Prince Tour" with the Ocean Park for over 140 participants to enjoy a great family day at the Park.
- Public education has always been one of our primary goals. Our experiential workshop for mainstream kindergarten, "I SEE YOU", was well received last year. This year, a new workshop was launched. We invited a visually impaired person and his guide dog to visit the kindergartens to help the young children understand more about the life of a VI person.

We had overcome the challenges of the pandemic and everything has returned to normal this year. We resumed our in-person training. Despite the fact that we were facing an increasing demand for our services and a shortage of manpower, we had been trying our best to develop new services for those who are on the waiting list. We hope that more families can receive our service in the coming year!

## 視障幼兒教育支援服務

本年度是香港賽馬會慈善信託基金資助新的三年計劃 (2023-26) 的第一年服務，我們摯誠感謝香港賽馬會的慷慨捐助，一直支持視障幼兒教育支援服務 (EIP)，讓 EIP 服務得以延續。

- 本年度我們共為 138 名視障幼兒提供了 1062 節個別訓練，當中包括中心訓練、外展訓練服務、升小支援服務及電話諮詢服務。另全年共有 39 位份新申請，48 份申請幼兒加入服務，超過四成是家長自行申請，超過五成由「兒童評估中心」及醫療機構轉介。
- 短期項目「視障兒童短期視覺訓練計劃」於 2023 年 5 月 31 日完成，計劃共服務 41 個家庭，每個個案均接受了 10 節服務（包括評估、家訪、訓練）。
- 在本年度服務的個案中，約六成的幼兒患有大腦性視障或其特徵。
- 疫情後，線上活動成為常態，即使我們已回復恆常服務，部分活動仍保持線上進行，例如 CVI 講座、RSP 講座和物理治療講座等。線上講座令更多幼兒家長參與，獲益的受眾更多。
- 由於輪候幼兒服務的申請眾多，我們與物理治療師合作，為 0-2 歲及 5 歲以上的輪候者增設 4 個服務小組：2 個肌能小組、1 個學前定向行走小組和 1 個視障幼兒大肌肉小組。小組以線上形式進行，首節是一場有關一般視障幼兒的肌能發展困難的講座，接著有三節實體親子小組。家長均讚揚服務小組內容充實，獲益良多。
- 為求盡快為輪候中的幼兒提供支援，我們試行「評估週」為十二位幼兒進行單次評估，讓家長對子女的視覺需要基本的了解。評估後，家長亦可以電話、影片或訊息向我們諮詢。
- 「電話諮詢」是另一項新服務，讓未能與幼兒出席中心訓練的家長透過「電話諮詢」，跟進子女的訓練進度，更可向老師查詢在家訓練的方式。

Pre-O&M group  
學前定向行走小組

- 忙於照顧幼兒而忽略自己的需要，是一眾家長的通病，為了使家長關注自己的需要，我們舉辦了一系列「自我關顧」活動，包括物理治療師的拉筋活動、元宵節朱古力製作等。
- 家庭活動方面，我們重辦了舊生聯誼 BBQ 活動；另外，與香港海洋公園合辦「小王子聖誕星光遊」活動，招待了超過 140 位學生和家人，在園中暢遊一天。
- 公眾教育一直以來都是我們的重點工作之一，去年我們舉辦的主流幼稚園工作坊「視障朋友 ICU」廣受好評；今年，我們設計了新的活動內容，邀請一位視障人士及他的導盲犬到訪幼稚園，讓幼兒透過親身接觸更了解視障人士的日常生活。

我們克服了嚴峻的新冠疫情，迎接一切復常的新一年；中心恢復提供面授訓練，同時面對申請人數上升及人手不足的挑戰，儘管如此，我們繼續盡心竭力，為輪候中的幼兒提供服務，期望下一年度有更多幼兒受惠！

Each year, there is a significant drop of cases at the end of August because a large number of children graduate from EIP and enter primary schools. In August 2023, over 30 cases were discharged, while new cases started to get admitted into the programme from September. The table shows a steady increase in the number of new applications every month, thus leading to an accumulated service waiting list.

每年 8 月都有很多幼童因畢業升上小學而離開服務。於 2023 年 8 月超過 30 位幼童完成服務，並同時有新的個案陸續在 9 月起正式接受服務。上表也顯示了每月均有新個案申請，故輪候數字一直維持四十餘個。

# Ebenezer Child Care Centre

Our Centre is dedicated to providing a high-quality learning environment for visually impaired children. We provide tailor-made education and rehabilitation training programmes to maximise the learning potential of our students. The total enrolment as at 31 March 2024 was 21, 4 of whom were boarders.

- We had fully resumed full-day classes, face-to-face trainings and class-based outing activities. In November, we organised the “Picnic Day” at Tai Po Waterfront Park, where children, parents, and caregivers enjoyed a day of family fun. In March, the Sports Day with Easter theme was held at St. James’ Settlement Multi-purpose indoor basketball court that the parents and children sank their teeth into the games and returned home with joy.
- In addition to centre-based events, we had class field trips which were planned according to the monthly teaching themes as well as the needs and abilities of the children. The children visited the Lunar New Year Flower Market, Christmas exhibitions in shopping malls, and Hong Kong Zoological and Botanical Garden this year. Furthermore, the children participated in the parent-child dance theatre - “Huh? It’s the ant rangers again?!” at Kwai Tsing Theatre, allowing the families to immerse themselves into an unforgettable contemporary dance and theater experience.
- In terms of parental support, we organised a series of activities to help prepare the children for transition to primary school, including seminars, RSP Talk, visits to Ebenezer School and Ebenezer Good Hope School. There were also tailor-made workshops designed by occupational therapists, covering the topics of “Postural Control, Hand Function and Self Care Training”, “Fine Motor and Self Care Development” and “Pre-Braille, Pre-writing and Self Care Development”.
- Enhancement of parental self-care awareness was one of the goals this year. Social workers organised a series of self-care activities for parents, including stretching workshop, and chocolate-making workshop.

Parent-child Sports Day  
親子運動會

- We invited Ms Ding Yijie, a visually impaired violinist to teach the children violin. 10 one-on-one violin foundation lessons were conducted and the children had the opportunities to showcase their artistic abilities and potential in music.
- Many children at our Centre have multiple disabilities. Parents found it difficult to arrange dentist consultation for

the children due to their physical limitations. To address this, we had arranged the “Special Oral Care Service” by the Department of Health to provide on-site dental care for the children, including oral health assessment and workshops for parents on oral care. After the children transition to primary school, their dental records would be transferred to the School Dental Care Service for continued follow-up.

- To strengthen the awareness of child protection, our staff attended a child protection course organised by the Social Welfare Department last April. Internal training programmes were conducted regularly by our professional staff to enhance our skills in caring for children. For example, nurses led courses on first aid procedures, physiotherapists gave talks on occupational health and safety, music therapists conducted music workshops, speech therapists covered young children feeding safety and occupational therapists taught the principles of fine motor skills and self-care training.

- Funded by the Social Welfare Department, our Center underwent renovation last summer. Classrooms, therapy rooms and dormitories were repainted while the partitions in room G10 were installed. The children’s restroom was also upgraded with new sinks and toilets. To promote energy efficiency, we participated in the “Green NGO” program by the Electrical and Mechanical Services Department. Replacing most of our air conditioning units and fluorescent tubes with more environment-friendly options, a more sustainable environment was created.
- In recent years, there was a significant increase in the number of children with cerebral visual impairment (often due to brain injury). Since it was challenging to determine the exact level of visual impairment in children with multiple disabilities, the diagnosis was often inconclusive and they were not able to get a referral for our services. After years of lengthy negotiations with the Social Welfare Department, we had expanded our services to include children with mild or suspected visual impairment, along with other moderate or severe disabilities.

In the past year, we returned to normal operations as the pandemic situation gradually subsided. We will continue to focus on providing optimal training and services for children and their families. Taking the advantages of the broadened admission criteria, we are confident that those children in need can receive timely training and make the most progress during their crucial developmental period.

## 心光幼兒中心

本中心因應視障幼兒各種視能情況及發展需要，提供優質環境，加強學習成效，促進全面發展，減低日後生活及學習的障礙。截至2024年3月31日為止，本中心共有21名學童，當中包括4名宿生。

- 本年度，中心日常的全日課、面授課、班本外出活動及全中心的大型活動均已全面回復。十一月舉行的親子旅行，幼兒、家長及照顧者在大埔海濱公園歡渡了一天親子樂；三月假聖雅各福群會多用途室內籃球場舉辦，以復活節為主題的陸運會，幼兒與家長使出渾身解數，全力以赴，盡興而歸。
- 除大型活動外，中心按當月教學主題和幼兒的需要與能力，進行班本外出參觀活動，如年宵花市、商場聖誕展覽、動植物公園參觀；亦曾前往葵青劇院參加《咦？又係螞蟻奇兵？！》親子舞蹈教育劇場活動，讓幼兒及家長近距離接觸現代舞蹈劇場。
- 家長支援方面，上學期初，舉辦過一系列的升小資訊活動，包括升小講座、RSP 講座、參觀心光學校及心光恩望學校；而在下學期，職業治療師按不同需要，舉行不同主題的家長工作坊，包括「姿勢控制，手功能及自理訓練」、「小手肌與自理發展」及「點字前，寫前及自理發展」。此外，為加強家長及照顧者對自我關顧的警覺性，社工舉行了一系列的家長自我關懷活動，包括「肌不可失」照顧者工作坊及「甜在心頭」朱古力家長工作坊等。
- 為發掘視障幼兒的音樂潛能，中心邀請了視障小提琴家丁怡杰小姐，講授十節小提琴基礎課程，以單對單形式教授幼兒學習小提琴。
- 除視障外，中心不少幼兒兼有不同程度的多重殘障，礙於身體情況，家長帶幼兒前往牙科診治時會遇到不少困難。中心遂邀請衛生署特殊口腔護理服務人員，每年到訪中心一次，為幼兒作學前特殊牙科護理，了解口腔及牙齒狀況，有關紀錄在幼兒升小後會直接轉交學童牙科保健，繼續跟進；此外，中心亦為家長舉行講座，加強口腔護理意識。
- 職員訓練方面，為提升職員對保護兒童的認知，中心於四月中派員參加由社會福利署主辦有關院舍保護兒童的課程。另外，各專業同工亦不時舉辦訓練課程，如護士的急救程序、物理治療師的職安健講座、音樂治療師的工作坊、言語治療師的幼兒飲食安全、職業治療師的小肌及自理訓練原則等，提升同事照顧幼兒的綜合能力和技巧。
- 中心環境方面，承蒙社會福利署資助，中心於去年暑假進行了翻新：全中心的課室、治療室和宿舍重新油漆；地下課室加裝隔版，以便共享課室；地下幼兒洗手間更換幼兒廁所及洗手盆等。為響應節約能源及促進能源效益，中心成功申請機電工程署的「綠色社福機構」計劃資助，更換了中心大部分的冷氣及光管，更符合環保的要求。

School Picnic  
秋日親子旅行

- 根據統計，大腦性視障（多為腦傷之幼兒）的幼兒數目不斷上升，礙於多重殘障的幼兒一般較難斷定視障程度，其視光報告多以懷疑視障作結論，因而未能轉介至本中心。經過多年協調，社會福利署終於批准放寬心光幼兒中心的入讀要求至輕度或懷疑視障（兼有其他中度或嚴重殘障）。

隨著疫情遠去，中心已回復正常運作，重新致力為幼兒提供最適切的學習支援；在入讀資格放寬後，期望有需要的幼兒能更快接受訓練，把握黃金學習時間，獲得最大進步。

# Ebenezer School

Being the only school adopting mainstream curriculum for the visually impaired in Hong Kong, Ebenezer School provides a range of services to cater to the needs of school age children. As at March 2024, Ebenezer School has a total of 56 students from Primary 1 to Secondary 6, including 38 boarders and 18 day students. The Boarding Section cares for a total of 42 boarders, 4 of whom are mainstream school integrators. As at March 2024, the Resource Support Programme (RSP) serves a total of 173 VI integrators from 98 mainstream and special schools. All are in efforts to nurture students towards fulfilment of their goals by overcoming weaknesses through strengths and all-round development in moral, intellectual, physical, social, aesthetic and spiritual domains.

- The various subject teams have seen positive results in optimising the curriculum. The S.6 candidates achieved satisfactory results in the latest Hong Kong Diploma of Secondary Education Examination. Jimmy Lo has been enrolled in the Associate Degree in Business Administration (Hotel Management) Programme at the Hong Kong Polytechnic University, while Cindy Cheung has been admitted to the Associate Degree Programme (Psychology) at the College of International Education, Hong Kong Baptist University.
- Alumnus Lucas Cheng has been enrolled at the University of Cambridge in the UK in September 2023 to study Economics, becoming the first student from our school to be admitted to this prestigious institution of higher education.
- Hang Lung Properties has established 'The Hang Lung Scholarship and Development Donation for the Visually Impaired', supporting VI students and graduates to continue their education and career development, enabling their diverse development. The inaugural cohort of scholarship recipients numbered fifteen.
- The school has received a grant of HK\$328,600 from the Quality Education Fund to set up a new STEAM Room, optimising our educational resources and enhancing the teaching support for innovation and technology.

- We have resumed the sister school exchange programme with mainland China. This led our senior primary and secondary students on a visit to Chengdu Special Education School. The students participated in classes at the local school, gaining insights into the learning modes of their mainland peers. They also had the opportunity to learn about Chengdu traditions and development, as well as appreciate the Sichuan opera art, deepening the students' understanding of our nation's civilisation, progress, and achievements.
- The theme of the Cross-curricular Week was 'Exploring the Culture of Sichuan'. Through classroom investigations, booth games, interactive performances, and project-based learning, students increased their knowledge of historical landmarks, panda conservation, face-changing acrobatics and culinary culture. This helped deepen students' understanding of folk culture and cultivate a sense of affection towards their motherland.
- To inspire students' career planning, different subject teams jointly organised an experiential café activity. Students learnt how to brew hand-drip coffee, promote the shop, serve customers, deliver orders, and handle takeaway orders at a local coffee shop. Through hands-on participation in all the steps, students learnt about collaboration, division of labour, and leveraging their own strengths. This activity connected students' understanding of the working world, thereby promoting their career development.
- This school year, we have established regular Career Planning Lessons for S.3 to S.5 students. Through diverse lesson content, we aim to achieve three objectives: to enhance students' self-awareness and sense of efficacy, to provide students with a wide range of work experience opportunities, and to furnish students with comprehensive information about future career paths.
- Having been invited to join the 'stART Up Community Arts Project' in which artist Karen Pow led students from Ebenezer School and C.C.C. Ming Yin College to create a five-meter-long, two-meter-high dragon soft sculpture titled 'Approachable Dragon'. The artwork was publicly displayed in a mall in Tsuen Wan.
- The Arts Development Fund for Persons with Disabilities of the Social Welfare Department hosted the 'Infinite Creativity in Art' Exhibition, where students from our school's 'Weave at Fingertips' Programme had the privilege to showcase their work at the exhibition. Our student Ng Kuok Keong had the opportunity to exchange ideas about his creative process with the Secretary for Labour and Welfare, Mr Chris Sun and The Permanent Secretary for Labour and Welfare, Ms Alice Lau.
- Participated in the 'Artist-in-Residence 2023' and the 'Spring Programme 2024 at CHAT'. Japanese artist Kobayashi Yuki came to the school and guided the students in making soft sculpture works using various materials, combining dance and kinetic art. The students' works have been exhibited at the Mills.
- Students are provided with a diverse music experience, featuring the workshop with the world-renowned British a cappella group King's Singers, performances at the Government House celebrating Christmas with the Chief Executive and other guests, the Ebenezer Jockey Club Music Odyssey and the Ebenezer Music Academy, all aimed at broadening students' musical horizons.
- Ebenezer Conservation and Development Project for Dishui Nanyin, funded by the Intangible Cultural Heritage Funding Scheme under the 'ICH for All' Project, aims to provide free Nanyin training and performance opportunities for visually impaired individuals. Led by experienced Nanyin performer Mr To Wing and educators,

the course enables students to acquire a comprehensive understanding of Nanyin techniques. It fosters social inclusion through various activities and courses for the visually impaired, as well as music performances organised for public participation.

- Students are encouraged to actively engage in sports activities, including the Korean Marathon, Basic Training for Taekwondo, Tandem Cycling Training, Indoor Rowing Training, Shaolin Kung Fu Cultural Experience, and Family Bowling Fun Day. In the 'Hong Kong Para Athletics Championships', they won a total of 10 gold, 2 silver, and 1 bronze medals, showcasing their relentless effort and resilient sportsmanship.
- In addition, students achieved excellent results in both the 'Hong Kong Swimming Championships for the Disabled' and the 'Lockton Fearless Dragon Trail Run'. Furthermore, they performed remarkably well in the 'Standard Chartered Hong Kong Marathon – 10 km', with all participating students surpassing their personal best times. Noteworthy is the accomplishment of the student Wong Wei Yui, who completed the 10 km race in just 57 minutes.
- Alumnus Tang Tsz Long courageously won two silver medals for Hong Kong, for both Men's Singles and Mixed Pairs in the Lawn Bowls at 'The 4th Asian Para Games Hangzhou'.
- The Rehabilitation Panel sent Ms Yung Tsz Yu to the 14th International Conference on Low Vision Rehabilitation in the US. She presented the research report titled 'Strategies for Teaching Students with Low Vision to Recognize Daily Chinese Characters that are Frequently Used' in the form of a poster.
- The speech therapist organised activities such as 'Voice Day', 'Voice-Making Mondays', and 'Kazoo Park' to enhance students' vocal skills and raise awareness of vocal cord protection. These activities involved teaching students vocal exercises and playing the Kazoo to strengthen their vocal training.
- The physiotherapist led the entire school in 'Morning Wake-Up Exercises' twice a week in the morning to assist visually impaired students in developing good posture. This aims to enhance their physical activity performance in daily life and learning by incorporating appropriate exercises and training to improve posture, balance, and body coordination.

- The occupational therapist aims to enhance students' executive function and posture control abilities. Through the use of mnemonics, games, and practical exercises, students were taught basic methods of carrying a school bag and organising items. Additionally, the therapist incorporated 'Experiencing Health Qigong' into the therapy sessions, introducing the 'Baduanjin' to improve students' spinal alignment, joint mobility and coordination, thereby strengthening their posture control abilities.
- The student leaders conducted online surveys on the 'Student Affairs Policy' to understand the perceptions of first, second, and third-tier students regarding the 'Student Leadership Training Programme'. They analyzed the data obtained from the surveys and presented relevant improvement suggestions to the school authorities. The Principal commended the students for their reflective abilities, appropriate arrangements, and encouraged them to express their thoughts openly.
- The Education Bureau conducted inspection and lesson observations of students in different schools and grades under the 'Resource Support Programme for Visually Impaired Students' over the past year. There is great recognition of the effectiveness of the various high-quality services and individual training provided by the team for the students.
- The team actively researches 'The Use of Eye-tracking Technology Tobii (PCEye5)' to conduct more effective visual assessments for visually impaired students with multiple disabilities. Simultaneously, through the optimisation of support strategies, the team also developed tactile materials for severely visually impaired students to enhance their Chinese writing abilities.
- Ebenezer School actively engages with external parties and strengthens collaboration with the Education Bureau, various stakeholders, and the community to promote quality education for visually impaired students.

# Ebenezer New Hope School

HKOMSA members visiting our school  
「香港定向行走專業人員協會」成員到校參觀及交流

This year, a total of 7 new students, including a 5-day resident student, joined our Ebenezer New Hope School, while 8 students will be graduating, 3 of whom have secured adult services placements. The total enrolment in our school as at March 31 2024 was 70, with 36 resident students and 34 day students. Our Resource Support Programme (RSP) supported ten schools, with 200 visually impaired students with severe intellectual disability.

- We had the great opportunity to attend the “Vision 2023 Denver”, an international conference on Low Vision research and rehabilitation in Colorado, organised by the International Society for Low Vision Research and Rehabilitation (ISLRR). The theme for Vision 2023 was “Low Vision Rehabilitation Across the Life Span”. The conference’s presentations and research covered innovative technologies and teaching methods for low-vision individuals. Additionally, the conference stressed the importance of collaboration among teachers, professionals from different fields, and families in effectively supporting the growth of low-vision students.
- We participated in the Jockey Club Experiential Learning Project for Students with Special Educational Needs (JCELP) which was composed of two components: “Adventure-based Learning” (ABL) and “Virtual Reality Based Learning” (VRL). ABL aims to enhance students’ physical fitness and flexibility while cultivating a positive attitude when facing challenges. Through various adventure activities, students are encouraged to push their limits and develop resilience. VRL, on the other hand, utilises virtual reality technology to enhance the learning interest and effectiveness of visually impaired students. Engaging games and virtual interactions take place within highly realistic virtual environments, allowing students to actively participate in interactive learning. This approach optimises student-centred learning content and promotes independent exploration. By removing geographical, spatial, and temporal limitations, VRL facilitates learning transfer and generalisation, and gradually strengthens students’ understanding of diverse life experiences.

- We were committed to integrating technological aids such as smartphones, smartwatches, OrCam MyEye, and immersive virtual reality application systems (VR CAVE) with Orientation and Mobility (O&M) training. Besides, 14 instructors from our school joined the Hong Kong Orientation and Mobility Specialist Association (HKOMSA) and actively participated in the association’s activities, including attending the first general meeting of members, visiting the Hong Kong Society for the Blind to exchange experience and knowledge with other professionals in the field.
- We introduced some new equipment to the Occupational Therapy (OT) Department, one of which is Neomano. Neomano is designed to assist in hand function training for students with hand paralysis or weakness with provision of mechanical support and assistance in aiding finger flexion and extension exercises. By using Neomano, students can improve their range of motion, strengthen hand muscles, and enhance hand dexterity. Neomano facilitates grasp and release movements, allowing students to develop hand coordination and control. With the help of Neomano, students can engage in various tasks and gradually enhance their hand functioning abilities.
- We have established collaborations with various external organisations, tutors, and therapists to provide students with a wide range of school activities and services, namely

- little triathlon, Hong Kong Science Museum activities, Kowloon Cricket Club experience day, and Lions Club of Central Christmas Party. Funded by the Life-wide Learning Grant, we organised activities such as horticultural therapy, sand art and boccia groups, aiming to offer students opportunities for community interaction and engagement. Students can interact with community members, enhance their social skills, and broaden their horizons. We are striving to create meaningful and diverse experiences that contribute to the holistic development of our students.
- To expand our students’ understanding of different musical genres, we participated in the ESHVI project, sponsored by the Intangible Cultural Heritage Funding Scheme, focusing on “Dishui Nanyin”, a particular form of Chinese folk music traditionally performed by visually impaired musicians in Guangdong. By engaging in this project, our students had the opportunities to learn about the rich history and cultural significance of Dishui Nanyin, and witnessed firsthand the talent and skill of visually impaired musicians who have mastered this art form. We hoped to broaden our students’ perspectives on music and foster an appreciation for diverse cultural traditions.
  - With the generous support of the Keswick Foundation and Partnership Fund, the “Community-based Support Services” project (2023-2026) provided comprehensive support services to pre-graduates, graduates and caregivers. Through personalised training services, we assisted individuals in using smartphones and social communication softwares to connect with their family members. We also provided simulated environments for practicing promotion, communication and computational skills to help pre-graduates and graduates integrate into the community, and adjust well to adult services. Furthermore, we offered referrals and counseling to caregivers, alleviating their pressures and providing them with guidance and support. The programme continued to engage in community education by conducting talks and providing in-house support at adult service units, aiming to increase public awareness of the challenges faced by visually impaired and intellectually disabled individuals.
  - In the boarding section, several training courses were organised to enhance the professional competence and knowledge of our staff. The Sports Psychology training programme equipped our staff with better emotional and psychological regulation skills which could be applied in training and supporting the students. By understanding the psychological aspects of sports performance, our staff could enhance students’ athletic development by providing appropriate guidance and creating a positive and supportive environment. The training in the Eden Alternative Approach training focused on promoting person-centred care within the boarding section. This approach aims to reduce feelings of loneliness among boarders and create a caring and respectful dormitory environment.
- Through the utilization of music, technology, and interdisciplinary collaboration, we are dedicated to delivering high-quality services to students with visual impairment and intellectual disability, with the aim of creating a joyful and enriching learning and growth experience for them.

## “Everyone can shine” - composing an elegant melody with the elderly

After lunch, volunteer Ms Chan arrived lightly dressed at the elderly home. The resident, Mrs Yung Tang Ching Wuen, had made an appointment with her to listen to Patti Page together. Ms Chan specially downloaded the songs “Changing Partners” and “Tennessee Waltz” on her phone as requested by Ching Wuen.

Ching Wuen, who has been blind for many years, moved into the Ebenezer Care and Attention Home in 2019. After three years of isolation due to the COVID-19 pandemic, she unexpectedly had to be placed in isolation room again in early 2023 due to a CPE infection.

Ching Wuen's daughters visit her during their free time, but Mr Yung is not able to visit due to his poor mobility. The couple can only greet each other and have casual conversations through video calls every week. Ching Wuen cannot participate in group activities, and her perception of time, days, seasons, and things around her has gradually become blurred, leading to a low mood. In response to this, the elderly home invited volunteer Ms Chan to chat with Ching Wuen through the phone every week.

Ching Wuen, 83 years old, is Ms Chan's senior. Before retirement, Ching Wuen was an English teacher, while Ms Chan taught Chinese. They feel close to each other because of their shared

profession. In the beginning, Ms Chan read the newspaper to her and discussed current events. They then talked about their interests and hobbies. Ching Wuen recommended classic English songs to Ms Chan, and Ms Chan shared her favorite Chinese songs. Sometimes they even sang together. In early 2024, Ching Wuen finally moved back to a regular room, and everyone was happy for her. Ms Chan could also personally visit Ching Wuen at her bedside. When the two met, they couldn't hide their excitement and joy. Ching Wuen told us that they had their own twilight music concert.

## 126th Anniversary Celebration

The 126th Anniversary Celebration was held on October 14 2023, at the Ebenezer School Auditorium. Dr. Alice Yuk (Chief Executive Officer), Mr Remy Wong (Deputy Chief Executive

Horticultural Therapy Group

Officer cum Principal of Ebenezer School), Mr Terence Choi (Superintendent), guests and residents enjoyed the celebration together.

## Intergenerational Visiting Activities

Student volunteers from Kowloon True Light School, Pui Kiu College, YMCA of Hong Kong Christian College, Marymount Secondary School, St. Joseph's College, St. Rose of Lima's College and Wah Yan College, Hong Kong visited the residents periodically. The students took the initiative to inquire about the stories and life experiences of the elderly and patiently listened to their sharing. With sincere gazes and patient listening, they absorbed the wisdom and experiences of each elderly person. The students also shared their own lives and learning experiences, establishing genuine connections with the elderly. The conversation between the elderly and students not only provides students with a deeper understanding of the elderly but also makes the elderly feel respected and valued.

## Recreational and Therapeutic Activities

- In order to maintain the residents' mental and physical well-being, various recreational activities and gatherings were held: visits to the Hong Kong Museum of Coastal Defence and Hong Kong Flower Show, Mid-Autumn Festival and Dragon Boat Festival celebration, Lunar New Year banquet, Christmas party and birthday celebrations, etc.
- Several therapeutic activities and training programs were organised for the residents, including horticultural therapy group, expressive art therapy group, cognitive training group, speech therapy training and rehabilitation therapy training.

## Professional Services

- Physiotherapists and occupational therapists, sponsored by the Hong Kong Community Chest, provided a total of 468 hours of service benefiting 1,440 residents. The service improved the cognitive abilities of the residents and reduced the risk of falls.
- Speech therapists, being funded by the Social Welfare Department, provided a total of 508 hours of service benefiting 235 residents. These services involved

conducting clinical assessments, providing speech therapy as well as regularly reviewing the recovery progress of the residents and improving their swallowing abilities.

- Expressive arts therapists sponsored by DHL provided a total of 72 hours of service benefiting 112 residents.
- The volunteer therapists from the Hong Kong Horticultural Therapy Association have provided a total of 16 hours of service, benefiting a total of 96 residents.

In the coming year, we will strive to promote a high-quality residential care model that allows residents to live comfortably, autonomously, and with utmost respect.

# 心光護理安老院

## 『誰都可發光』與長者譜出優雅樂章

午飯後，義工陳老師一身輕裝來到安老院，院友翁鄧靜媛與她約定今日一起聽 Patti Page，陳老師特別在手機下載了靜媛指定的《Changing Partners》和《Tennessee Waltz》。

靜媛失明多年，2019 年入住心光護理安老院，經歷三年新冠肺炎院舍隔離日子，豈料 2023 年初因為感染 CPE，要入住隔離房。

靜媛的幾個女兒工餘來看母親，翁先生不良於行，夫妻唯有每星期透過視訊彼此問候，閒話家常。靜媛不能參與群體活動，對時間、日子、季節、以致身邊事物的感知逐漸模糊，情緒低落。院舍有見及此，邀請義工陳老師每星期與靜媛透過手機隔空聊天。

靜媛 83 歲，是陳老師的前輩，因為靜媛退休前也是一位老師，教英文，陳老師則任教中文，兩人認識自是倍感親近。陳老師初期給靜媛讀報，討論時事，繼而談到興趣和愛好，靜媛推薦經典英文歌給陳老師，陳老師也分享她喜歡的中文歌，兩人有時更一起唱歌。2024 年初，靜媛終於從隔離房搬回普通房，大家都為她高興，陳老師亦可以親身去到靜媛床邊，當兩人見面時，難掩興奮及激動之情。靜媛告訴我們：她與陳老師有個屬於她們的黃昏音樂會。

# Christian Ministry

The Christian Ministry includes ministries within the organisation and to alumni. The former one conducted the religious activities of Ebenezer School related to churches while the latter one organised visits and training programs, provided pastoral care to alumni, helped alumni in need to apply for resources, and arranged alumni fellowship and evangelistic activities. These ministries greatly relied on prayers and support from every sector of society.

## I. Ministries within the Organisation

- Established the religious theme for the academic year “Producing the Fruit of the Spirit” and invited guests and staff to share messages related to the theme in the morning assemblies.
- During religious lessons, Religious Studies teachers led discussions with students about the month’s theme, encouraging them to share their experiences of practising the Fruit of the Spirit and to recite the theme’s scripture.
- Co-organised a STEAM Gospel Camp in collaboration with the Humanities, Science, Mathematics, and other subjects, and contacted various Christian camps to provide suitable gospel activities for students.
- Continued to invite external gospel organisations and alumni worship groups to conduct evangelistic events, testimony sharing, gospel dramas, and hymns singing, allowing students to learn more about different gospel groups.
- Assisted students interested in faith to connect with suitable churches and participate in worship services, fellowship, or evangelistic events to help them get to know God.

*And you shall love the Lord your God with all your heart, and with all your soul, and with all your mind, and with all your strength. The second is this: You shall love your neighbor as yourself. There is no other commandment greater than these. (Mark 12: 30-31)*

## II. Ministries to Alumni

As at 31 March 2024, we served 587 alumni, including graduates from Ebenezer School, Ebenezer New Hope School and integrated students. “Ebenezer Community Network for the Elderly Visually Impaired”, funded by the Vera Ruttonjee Desai Charitable Fund, moved forward the fourth year of service for the elderly. This year’s program included visits, counselling, group activities, and physiotherapy services to meet our alumni’s physical, mental, and spiritual needs.

## Visits/Lectures/Small Group Activities

We organised various outdoor activities, hoping that the connections between our alumni and the community would be strengthened.

- To enrich the outdoor experiences of our alumni, we organised a variety of activities, including day trips to “Produce Green Foundation” organic farm at Fanling and Cheung Chau, bus tour travel to local and historic shopping streets by riding on “Citybus Rickshaw Sightseeing Bus”, “Cha Kwo Ling Promenade”, “Kwun Tong Promenade”, indoor bowling activities and “Get to know our community” at Kennedy Town and Admiralty MTR Station. A total of 145 alumni and volunteers participated.
- We organised 6 baking and snack-making workshops, inviting different instructors to teach alumni how to make glutinous rice cakes, butter cupcakes, snowy mooncakes, Hong Kong-style egg tarts, Snowflake crisp milk Nougat, and cupcakes. Alumni were able to create unique, delicious and aromatic cakes and desserts that were truly exciting. A total of 60 alumni and volunteers attended the workshops.
- Mr Chan, the visually impaired tutor, conducted two Tactile Rubik’s cube classes per month from April to August, with an average of 5 alumni attending each session. Additionally, from June to October, he also taught a Ukulele class, focusing on teaching the playing techniques of single notes and chords in the key of C major, with an average of 4 alumni attending each session.
- We visited five exhibitions: the special collection “Yayoi Kusama” at the M+, Tai Kwun, “Virtually Versailles exhibition” at the Hong Kong Heritage Museum, “Science Fiction Odyssey” at the Hong Kong Science Museum, and the “Local Dragon Quest” art exhibition at the AIRSIDE. The exhibitions provided oral description videos and tactile experiences, allowing alumni to use their hands to experience art through tactile images and engage with art through tactile diagrams and interactive installations. A total of 86 alumni and volunteers participated.
- We organised multiple gardening and handicraft workshops consisting of lessons on Pressed Flower Coasters, Bryophyte Craft, Succulent plants, tie-dyeing, shampoo, and Bubble Bath Bar, giving the alumni a memorable and fulfilling experience. A total of 39 alumni participated.
- During the year, we held two wellness seminars that the instructor shared daily care knowledge and self-stress reduction methods. Through these activities, we aimed to build relationships among participants. A total of 10 alumni and volunteers attended.

- Two activities were held before the Lunar New Year, including “Exploring the Dried Seafood Street in Sheung Wan” and “Visiting the Victoria Park Lunar New Year Flower Market”. This was the first large-scale flower market at Victoria Park after the pandemic, allowing alumni to experience the festive atmosphere of the Chinese New Year. A total of 38 alumni and volunteers participated.

## Smartphone Courses

Youth alumni were invited to teach elderly alumni the use of smartphones in order to enhance their social connections and improve their quality of life. Two courses were conducted in May 2023 and January 2024 respectively, with five 90-minute sessions covering cloud storage, electronic payment systems, and application downloads.

## Physiotherapy Services

This year, we organised three physiotherapy workshops including balancing exercises, how to get up after a fall, and resistance band exercises. A total of 30 alumni and volunteers participated in the workshops. The physiotherapists provided guidance and clear explanations to ensure the safety of the participants while the alumni were very engaged. To better serve our alumni community, we also offered outreach physiotherapy services to those in need.

## Volunteer Training Program

We have completed two volunteer training programs with churches in Hong Kong and New Territories. The program, conducted from November to December 2023 and March 2024 respectively, included skills for walking in the dark experience, orientation and mobility, use of assistive devices, interacting tips with the visually impaired, and alumni home visitation. We were grateful for the support from the “Tuen Mun Alliance Church” and “The Evangelical Free Church of China (EFCC) Kong Fok Church” for their valuable assistance in recruiting 22 and 18 volunteers respectively to participate in the training programs, as well as their active involvement in serving our alumni after the training. We were truly grateful for their support and partnership.

## Alumni Christmas Worship

The Alumni Christmas Worship Service was held on 9 December at Ebenezer School Hall with over 100 alumni and volunteers attending. After the pandemic, we were grateful to conduct physical worship services with Pastor Kwan Chi Wai as sermon speaker, 20 “Cantata Choir” members with hymn sharing, and thankful to have the buffet lunch again. Seeing alumni attending the worship service and enjoying our delicious food was delightful. The event was filled with laughter and everyone went home with joy and gifts. We were very thankful for the participation and assistance of our alumni and volunteers.

## Online Workshops

Since last year, given the positive response, we continued to invite Pastor Cheng Fong Yu from Quarry Bay Baptist Church to lead the monthly Bible study, with an average of 10 alumni participating.

## Programs with the Christian Ministry to Visually Impaired Persons (CMVIP)

- Fuk Kwong Fellowship organised two joint activities this year. Fellowship Workshop was successfully held in June 2023, with 12 members attending. Outing trips were successfully held in March 2024 with 43 members and volunteers attending. We regularly collaborated with CMVIP to organise five fellowship groups, each consisting of an average of 10 to 15 members.
- Due to the epidemic, the summer camp had been suspended for 3 years but was resumed and held on 14-16 July this year, at the Ebenezer School. Last year’s theme was “Grateful for Nei” and 42 alumni volunteers and co-workers participated. The camp included adventure activities, hymn sharing, field trips, snack making, coffee workshops, and Sunday worship. All the participants enjoyed the reunion time very much.
- On 18 November, the Evangelism Explosion Team co-organized an Evangelism Explosion Day Camp with Tai Po Christian and Missionary Alliance Church. 18 team members and volunteers joined and all participants were enthusiastic about sharing the gospel with the community.

## ESAA

- The AGM cum Executive Committee Member Election was held on 23 July 2023. Mr Chan Wun Wai was elected as the chairman of the new Executive Committee Members for 2023-2025. As at 31 March 2024, ESAA had more than 280 members.
- ESAA organised trips to Zhongshan and Jiangmen to experience our country’s latest developments, with more than 40 alumni and their family members participated.
- In November 2023, ESAA organized the “Autumn Sports Day” at Ebenezer School. We invited our emeritus teacher, Ms Yiu Yuk Wah, and the school’s Physical Education teachers to lead our members to experience the fun of FloorCurling and table tennis. Everyone enjoyed at this event.
- This was the first cooperation between Christian Ministry and Ebenezer Care and Attention Home organising a visit in March 2024. We spent an enjoyable afternoon with the residents through games, hymns, and sharing.

## Looking Ahead

We will explore more opportunities of collaboration with churches for the volunteer training programs in order to establish a strong service network for our alumni.

### ▪ Job Creation

To enable young people with visual impairment to accumulate work experience and enhance their employability, we are committed to creating a variety of job opportunities for them, including Life Coach, music performance, tutoring, event and workshop organising, translation, transcription typing, delivery, video making, handicraft making and piano tuning, etc. Through these jobs, we have created approximately 2100 working hours for 35 VI youths over the year.

## ▪ Corporate & Community Partnership Engagement

Corporate partnership and community engagement is at the core of our strategy of promoting inclusive employment and job creation for VI youths. During this year, we have collaborated with more than 190 corporates and community partners. More than 60 of the partners came from the business sector while the rest were from NGOs, public institutes, government departments, universities and schools.

## ▪ Capacity Building Programme

To enhance the employability of VI youths, we offered a range of professional training programs. In 2023-24, we organised 16 capacity-building workshops, training approximately 55 VI youths in various skill areas.

With support from Link Together Initiatives, the “Live The Vision – Visually Impaired Professional Life Coach Training (Phase II)” provided advanced life coach training for 10 VI youths. Other training programmes included assistive technology training, social skills training, advanced

interview techniques, image management workshops, and hotline counselling skills training. Overall, these initiatives totalled 1500 training hours for 760 attendees.

## Ebenezer Jockey Club Music Odyssey (EJCMO)

Established in June 2021, Ebenezer Jockey Club Music Odyssey is committed to nurturing the creativity and expanding horizons in music of students and graduates between the ages of 0 and 21 from Ebenezer School and its partnering schools under the Resource Support Programme. We offered a range of programmes, from various elementary instrumental training courses to creative music experiential activities for making use of different senses for learning music. Various music pedagogy trainings were offered to school music teachers to serve the needs of VI students. Funded by The Hong Kong Jockey Club Charities Trust, the programme has put great effort in developing a Braille music score database and an “Online Resource Centre” for the visually impaired.

with the knowledge and skills to better support their students. About 800 Braille scores were created to support the music journey of the visually impaired.

“The Craving Paths with Kids Music Concert” was successfully held on 26 May 2023, at the Shouson Theatre, Hong Kong Arts Centre. Our talented students performed a diverse range of pieces, including percussion, vocal, piano, flute, clarinet, and choir. It was a delight to see students with different abilities performing in the ensemble. The concert also showcased a variety of music genres, from pop to classical. It was surprising that some of the performers were beginners, yet they showed remarkable courage and outstanding performance on stage. Music plays an irreplaceable role in the growth of VI students, especially in building confidence and inspiring creativity.

Ebenezer Music Academy was pleased to invite Master Chi Gook Kim, Associate Professor from Berklee College of Music to host an online talk with Ebenezer school alumni Ms Eli Tang and Mr. Samuel Ng in June 2023. They shared their joy in using accessibility software and tools to explore music. The two alumni shared how they had used assistive technology and music software to tackle the challenges they encountered in their music journey, as well as how technology might help VI musicians in their career.
